New York Quartet Gives Entertainment of Exceptional Merit

BAND CONCERTS TODAY

One of the finest musical entertainments ever presented in Charleroi was that Thursday evening at the Chautauqua tent given by the Red-path Grand quartet of New York City. Composed of four master church and oratorio singers of the nation's metropolis, this quartet worked themselves thoroughly into the hearts of the local music loving public.

All four are fine singers. Each singer is a soloist of marked ability. As a quartet a splendid balance and a fine blending of tones is shown.

All the members of the quartet sing in Fifth Avenue churches in New York City, which alone proves their vocalists of the highest type. Dr. Carl Dufft, baritone, is a soloist in the Marble Collegiate church on Fifth Avenue, Dr. Ion Jackson, second tenor, is a soloist of the Fifth Avenue Collegiate church. Frederick Martin, basso, sings at the Fifth Avenue Presbyterian church and Frank Ormsby, first tenor, is a man who is a soloist at the Fifth Avenue Baptist church, known as the Rockefeller church.

What perhaps was the best and most enjoyed number of their evening program was a duet by Dr. Jackson and Mr. Dufft, "Passage Birds Farewell," Hildoch. Harmonious blending of voices and excellence of technic combined to make this number a distinct feature. Numerous good quartet numbers were rendered. Among the best were "Spring is Lord of Earth," Attenhofer, and "Thinking of Thee" Dressler.

What made the program particularly enjoyable was the wide variety of selections. Encore numbers were mostly of a humorous nature, and some of the regularly programmed quartet selections were similarly humorous. However the classics were the best and generally the most appreciated and enjoyed.

A trio by Dr. Jackson, Mr. Ormsby and Dr. Dufft, "Break, Break, Break," Anderton, was most pleasingly rendered and was so enthusiastically received that a portion of the beautiful composition had to be repeated.

Solo work was one feature. Mr. Ormsby sang in good voice "Spirit Flower," Tipton. Mr. Martin, basso, rendered with marked excellence, "I Am a Roamer," Mendelssohn.

The pianist for the quartet is Miss Helal Wolerton, of New York City. She played accompaniments and rendered one solo, "Waltz in E Minor," by Moszkowski. That her work was appreciated was demonstrated by the eager applause tendered her, necessitating an encore number for her solo.

This afternoon at the Chautauqua tent Sands Regimental band, said to be an organization numbered among the best is appearing. Two full programs will be given today by this band under direction of William A. Sands, who is asserted to be one of the five truly great bandmasters of the world.

Tomorrow's program will consist of the morning lecture by Miss Bertha Pratt King on "The Crowded World," an afternoon prelude con-

CHANDLER WILL SUPPLANT OWEN

Congressman to Lecture Saturday in Place of United States Senator

At least one of the leading lecturers engaged for the Charleroi Chautauqua will not appear. That is Senator Robert L. Owen, of Oklahoma, who was billed to speak Saturday afternoon. Senatorial duty prevents him from coming.

Senator Owen's place on the lecture platform will be taken by Walter M. Chandler, of New York City, a congressman from the nineteenth New York district. Mr. Chandler will speak on "The Trial of Jesus Christ From a Lawyer's Standpoint."

Congressman Chandler is a man who is a competent lecturer. He is a Progressive. He was educated at the University of Virginia, University of Michigan and at the Universities of Berlin and Heidelberg, in Germany, in courses in history and jurisprudence. He was elected to the sixty-first congress by a heavy vote and is making his presence felt. Congressman Chandler's talk on the Chautauqua platform will be on the same subject as that of a book written by him.

PICNICS ARE HELD

Two valley picnics in which every town in this part of the Monongahela valley will be interested will be held next week, the first one to occur on Tuesday, when the Lady Macabees will be at Eldora park. This picnic of the Lady Macabees will be under the auspices of the Donora hive but a general invitation to other hives along the valley has been extended, and a large attendance is expected.

The second valley picnic on Thursday of next week will also be a lodge affair. It will be the annual outing of valley Protected Home Circles. Practically all of the circles of this immediate vicinity are interested in the affair and committees are actively engaged in preparations to make it a big success. The outing will include an evening dance.

Picnics will not be the only big feature of the coming week. The Civic Federation of Donora Dames, an organization that has interested itself actively this summer in maintaining a summer nurse fund, and which has made possible the hiring of a nurse for children and people needing attention at the steel town is planning a dance for Wednesday evening. It will be a benefit dance to raise money for the nurse fund.

Announcement was made this week of the coming picnic of the Independent Order Sons of David, of Brownsville, that will be held on Wednesday August 4. Announcement was also made of an Ancient Order of Hibernian dance to be held on August 6.

cert by the Schumann Ladies' quartet, and on address by Congressman Walter M. Chandler, of New York, who will supplant Senator Robert L. Owen in this work. At night the Schumann Ladies quartet with Tabor, the mathe-gician will appear and it will be known as children's night.

SUICIDE? NOT YET

No Carbolic Acid Found in Downhearted Paul Cuton's System

"I cannot stand any more. God punish you as long as you live. just punish you as long as you live, just the same way you have done me. Good-bye."

This is a translation of a letter written in Italian which Paul Cuton of 915 Fallowfield avenue, left with Celestiano Diploma, at 707 Fallowfield avenue with the instructions that it be mailed to Mrs. Emma Cuton, his wife Thursday afternoon at 3 o'clock.

About 5 o'clock a policeman found the man lying unconscious on the sidewalk at the corner of Third street and Fallowfield avenue. He had Cuton immediately removed to the police station and a physician summoned.

At first it was thought that Cuton had taken poison in an attempt to suicide. When the letter to his wife was produced it seemed to substantiate this supposition. Doctors were unable to find any trace of poison. He was removed to the Charleroi-Monessen hospital.

It is thought possible that he had been worrying over alleged trouble with his wife, and was in a weakened condition. While thus he might have been overcome by the heat. This morning he had apparently recovered from his attack. He appeared to be melancholy.

HOUSE IS BURNED AT AT BENTLEYVILLE THURSDAY

A house belonging to Dr. C. Wesley Yarnell, of California, in the Clover Hill section, near Bentleyville, was burned Thursday. The origin of the blaze is not known. The house was occupied by foreigners, and was a stone and frame structure. The fire fighters could not save the burning building and it was razed to the ground.

ROBBERS WHO LOOTED POSTOFFICE NOT FOUND

An additional clue which is thought to be of some importance in the tracing of thieves who broke into the Gallatin postoffice and looted the safe a few nights ago was brought to light Thursday when a miner, returning from work found a tin box lying by the side of the railroad. This is said to have been the one in which valuable papers were kept. The men have been traced to Brownsville where it is believed that they boarded a train.

PICNIC IS A FEATURE

Baptists Outing at Eldora Park Occasion for Merry Making

Baptist Sunday schools from the sixth group of the Pittsburgh Baptist association held their second annual picnic at Eldora park Thursday, with representatives present from Charleroi, Monongahela, Monessen, Belle Vernon, Riverview and Linary. A good sized crowd spent the day at the park, enjoying the park amusements and the special program offered by the general committee.

In the afternoon a program of music and addresses was featured. A. G. Lewis, superintendent of the Charleroi school presided as chairman. A children's chorus from the Belle Vernon church rendered several selections, the choir from Linary sang, and numbers were contributed by people from Riverview and Monongahela. The only number given by Charleroi talent was that of a violin and piano duet by Russell Carl and Miss Della Jacobs. Rev. A. M. Gregg, of Monongahela made an address.

One of the features of the day's program was the awarding of a banner to the school best represented in proportion to the number of members in the Sunday school. The Belle Vernon school received this banner. A program of races and athletic events was conducted at the park athletic field.

In the morning special cars were run to the park from the various points and in the evening special cars conveyed the picnickers to their homes.

REPORTS OF FIELD FIRE WITHOUT FOUNDATION

Thursday afternoon and evening reports came of a big field fire in the vicinity of Speers. D. M. McCloskey, Esq., is preparing to open up a plan of lots near Speers and his men were burning the fifth off of the plot Thursday, which caused the report of a fire out.

LOOKS INTO TREE AND SNAKE DROPS

Davy Crockett Act Gone Through at Bentleyville That Was Not Funny

A correspondent to the Washington News from Bentleyville supplies the following odd blacksnake story:

"Monday morning William McTarry, a barber of this place, suffered an abrupt termination of a bear pole cutting expedition. The barber had arisen and gone into the woods quite early that he might cut a number of bear poles and return in good time to his barber shop. After coming upon a promising patch of oaks he began to chop diligently, but however he presently bent over an extra large one. Preliminary to chopping it from its understanding and noticing the large one to have an unnatural quality of swaying he glanced upward into the top to see what had landed in the branches.

Just as he glanced upward a huge blacksnake fell close by his face and dropped almost upon his feet. As you possibly expect the barber hasted from the scene and armed himself with a fence rail, which when a few muscular applications had been administered soon placed the snake as a member of the silent majority. After killing the snake Mr. McTarry stepped very gingerly upon the tall grass and secured his ax and the few bear poles he had felled. He walked briskly from the "promising bear-pole patch" without a single glance toward the palm-like tops of the shrubs."

SUFFRAGE FAVORED

Men who do not believe in rights for women are but re-incarnations of men, who brutally treated and tortured women in the past," declared Miss Bertha Pratt King, in her educational lecture, "What the Twentieth Century Offers Women," at the Chautauqua tent this morning.

Miss King spoke of the advantages that are given the woman of the Twentieth Century and the disadvantages under which she labored in years past. Formerly she had to marry for support but now many fields of labor are opened up to her. In 1900 there were 295 different occupations open for women. Since then 55 new occupations have been opened to them. In equal suffrage states women may aspire to any position any man can. Men no longer look for the pretty, helpless girl of the last century, but choose one who is capable in one or more lines of work.

Miss King declared that all those thus interested in the big world of affairs make a woman realize that she is a human being with social, moral and human rights. She realizes that she is not just a mere female, but a human, a suffragist. Men of force are also of this opinion. No woman of today can be indifferent to this social question of the times. The work of the world cannot be done by men alone. The world will remain the way it is until women get out and do their share of the work. The only way that they can do their work is the way men do this by the way of the ballot box.

TO BUILD NEW ROAD

Contract Let by Supervisors For West Pike Run Highway

WILL COST \$18,000

The contract for improving by bucking of the West Pike run township road leading from the improved Coal Centre road into the township about 3 miles, has been awarded by Supervisors R. F. Hill, O. E. Moffitt and W. E. Bitner to Thomas Arrigo, and work is to be started immediately. This order contract was awarded separately to the Globe Brick company of Pittsburgh. The entire work including the cost of brick will aggregate an expenditure of \$18,000.

The construction of this highway will be a step toward connecting up with the river road to Charleroi. It is understood the route of the road will be the same as the present one, made by residents in other parts of the township.

PULLS BOY FROM WATER AT LOCK

Capt. John Wilson, a government employe this morning at Lock No. 1, saved an unknown boy of about 15 years from drowning. Capt. Wilson saw a hand sticking above water and without an instant's hesitation dove. He brought up the boy with him. How the boy had gotten into the water, no one knew, much less the boy, who excited and frightened was unable to give any coherent account of the affair. In the excitement, rivermen neglected to ask his name or to inquire as to his home.

MOCK TRIAL FEATURED AT ODD FELLOWS LODGE

In a series of Thursday evening entertainments during the summer months, a mock trial was presented by Charleroi lodge, No. 1030, I. O. O. F. Thursday evening that was a decidedly interesting event. C. H. Christner was the defendant, being charged with some trivial dereliction and J. M. Fleming was the prosecutor. The affair ended without conviction. Following the mock trial which was an impromptu affair, refreshments were served.

JOYFUL JAGS OF HARDING COME NOT FROM DRINKING

Monessen is said to be the only place in the country where a man can get drunk without drinking a drop. William Harding has proved it. Lately he has been arrested on various occasions for drunkenness, which he asserts he did not acquire through drinking. He refuses to explain his methods of attaining a joyful jags.

THE FOREIGNER AND THE LAND

Within a few miles of Washington, along the Potomac river, there are some of the best land available in the country. The land is owned by the Government and is being offered for sale to the public. The land is largely foreign-owned, and the Government is anxious to get this land into the hands of our own citizens. Many of these foreigners are anxious to get this land, and they are offering them for sale to the public. They are not only helping these men from other lands, who have come over to earn their living, but they are adding to the general betterment and development of the community.

The property owners who permit these foreigners to purchase a small tract of land are public benefactors. They are not only helping these men from other lands, who have come over to earn their living, but they are adding to the general betterment and development of the community.

Many of the foreigners who come to this country and work in our mining communities are obliged to live in small houses owned by the coal companies, for which they too often pay an exorbitant rent, the companies receiving the price of the house in rent in three or four years.

It is not much wonder that the foreigners, packed into small houses and being compelled to have six or eight boarders to make possible the payment of their rent, do not become better citizens and adopt more quickly American customs and American ideals.

If these foreigners were given the chance to secure their own homes with an acre of land about them, they would not be long until they became most excellent citizens.

While the men work in the mines the younger members of the family would keep up the little farm and when times were dull, they would still be in a position to tide over the dull times from what they could raise on their little patch of ground.

Anyway the man who owns his own property is a better citizen, takes more pride and interest in his home and family and in the affairs of his community.

We want to anchor more of our foreigners to the ground. We want to educate them to become property owners, to become more self-reliant. They are, as a class, frugal, honest and hard working. We need only to direct them along the right lines of living.

We cannot expect to house them as many of the coal companies now do and expect to build up a community of law-abiding, industrious American citizens. This is entirely the wrong way.

Let them get closer to the land, give them the opportunity of making their own homes and they will develop in the next generation a citizenship which will be a credit to this republic.

A Few Heips to Right Living

If you have a headache, take a long walk.
If you are blue, do something for someone, quick.
If you need advice on banking matters. Come to us. We want to help you.
If a supposed friend has played you false, do a particularly friendly act towards someone else. It will take the bad taste from your mouth.
If you would be prosperous, start a savings account with us. It is the first step on the road to wealth.
If you are discouraged about your work, go to bed very early. Things look brighter in the morning light.
If you are uneasy about your valuables, rent a safety deposit box for \$2.00. You will then rest easy.
